

TC164 (drinking water)

Gerard van Amerongen
vAConsult

TC 164

- History:

- TC164 WG2 adopted a ‘solar unfriendly’ report on Legionella.
 - No amendments from TC312 were accepted
- TC 312 reaction:
 - Start research project on Legionella and solar (SCF funded)
 - Result: report and ‘Code of Practice’
 - TC 312 adopted new work item for CEN technical report
- TC 312 liaison officer presented the report to the TC 164 WG2 in October meeting
 - Received well!

TC164

- Decision of TC 164 WG2:
 - Start a joined workgroup of TC 164 WG2 and TC 312 and make it a common CEN Technical report
 - Preferably involve the TC for heat pumps in this.
